

Maribel Glass

Name: Maribel Glass

Hometown: Houston, Texas

School: Sul Ross State University

Major: Range and Wildlife Management

Exp. Graduation Date: December 2019

Email: Maribel.glass@gmail.com

Skills:

- Bird Identification
- Data Entry/Analysis
- Ability to work well with others or individually
- Flexible
- Experience in a variety of wildlife field techniques

About Yourself: I am passionate and determined. I spent most of my summers volunteering at wildlife refuges. I earned my undergraduate degree from Texas A&M University – Kingsville. I majored in Range and Wildlife Management and minored in Biology. Currently I am pursuing a master's of science – thesis with a major in Range and Wildlife Management under the advisement of Dr. O'Shaughnessy. My thesis title is: Assessing the effects of management prescriptions on knotgrass and its relationship to food production for avifauna

Accomplishments/Clubs/Other:

- Range and Wildlife Club
- Conservation Biology Club – Secretary
- Texas Chapter of the Wildlife Society
- Southwest Natural Resource Career Tracks Program
- Society for Conservation Biology

Career Experiences:

- Student Conservation Association Biological Technician
- USFWS Intern for Bosque del Apache National Wildlife Refuge
- USFWS Intern for Yukon Delta National Wildlife Refuge
- SRSU Criminal Justice Department Graduate Assistant
- TWRC Rehabilitation Center volunteer

Plans after Graduation: I am striving for a career with the U.S. Fish and Wildlife Service, but I am open to all conservation job opportunities that may present themselves. My long-term academic goal includes earning a doctorate degree. Higher education plays a crucial role in my success, because my education will allow me to properly conduct research and make wise management decisions.
